“ Dad I will always remember all the trips to different parks in our area so we could play. The trips to North Carolina as kids. And what a wonderful grandpa you were to my kids. RIP

“ Donald Joseph Hickey , May he rest in Peace , To Betty Jean, I hope you've taken full advantage of your Heavenly Peaceful residence (#allinclusiveretirementvillage) , your getting company. Just a heads -up , Donald will be joining you once he clears the coronovavirus quarantine period , As one of Don Hickeys son-in-laws we didn't have a lot in common , maybe a generational thing ? Though " Donald" is a name given to me from my parents and has since been passed along to my son and grandson. No !! President Trump gets zero credit for us "Donalds". Surely Don Hickey will be surfing the channels for Fox News provided their signal goes that High. Considering the cards that Donald was dealt with as a child (a short deck for sure). He became" street smart" probably not many choices. A great choice , Marrying Betty Jean., then 3 daughters , Terry ,my wife(a very good choice by me).Kathy and Donna, all wonderful and talented Moms. Was Donald thrifty ? Some may remember Earl Schieb , known for his autobody collision repair and painting. He would paint cars any color for \$39.95 or \$49.95 . Don't know if it was the quality of Earl Schieb's work or the price. Donald Hickey figured he could do it for less.So he hand painted his black Chevrolet truck,(this was his work ,hauling " original picker " lawn cutt'n truck). Now paint spray cans weren't used , Don actually dipped a paint brush into a can of paint . Yes , Donald was thrifty (his terms), Keep in mind he did retire early late 40's or early 50's after working as a firefighter/emt for a while. Thanks to his Daughters , Donald J. Hickey went out on his terms.
